The figure is a detailed flood risk map for the commune of Labastidetle. It displays three main flood risk zones: 'Aléa fort' (dark blue), 'Aléa moyen' (medium blue), and 'Aléa faible' (light blue). The map also shows elevation contours in meters, ranging from 142.00 to 152.00, marked with red lines. Key geographical features include the Garonne river and its tributaries, as well as various urban areas and agricultural fields. The map is framed by a red dashed line indicating the study area boundary. A legend in the top left corner explains the symbols for flood risk zones and elevation contours. A scale bar and north arrow are located in the bottom left corner. The title block in the bottom right corner provides information about the map's version, date, and the responsible authorities.
