The map displays the commune of Warcq, France, with the Orne river flowing through it. The map is divided into three main flood risk zones: a large blue hatched area representing non-urbanized natural zones and flood expansion areas; a red cross-hatched area representing urbanized zones with the highest flood risk; and a green diagonal-hatched area representing urbanized zones with moderate to low flood risk. A red line indicates the reference flood profile with elevations of 198.67, 198.36, 198.11, 197.95, 197.77, and 197.71. The map also shows the commune boundary, local roads (e.g., Route n°408, Route de Touilly), and various landmarks like 'Pâtis du Moulin', 'Pâtis Saint-Pierre', and 'Le Village'. Surrounding areas include 'LE SEUGNON' to the north, 'HAUT MARCHAT' to the east, and 'LES JEAS' to the south.

The map displays the commune of Warcq, France, with various geographical features and flood risk zones. The Orne river flows through the area. Key locations include Le Seugnon, Bergopsomme, Pâtis Saint-Pierre, Le Village, and Les Jeas. The map uses different colors and patterns to indicate flood risk levels: blue grid for non-urbanized areas, red cross-hatch for high-risk urbanized areas, and green diagonal lines for low-to-moderate risk urbanized areas. A red line indicates the reference flood profile with elevations such as 198.67, 198.36, 198.11, 197.95, 197.77, and 197.71. Other labels include 'Pâtis le long de la route', 'Pâtis du Moulin', 'Le Seugnon', 'Bergopsomme', 'Pâtis Saint-Pierre', 'Le Village', 'Les Jeas', 'T A LA SAULE', 'A L A', 'RUE DE TOUL', 'petit chemin', 'C.R.P.', 'dit', 'des', 'seas', '46', '68', '42', '39', '40', '34', '35', '36', '37', '38', '32', '33', '31', '30', '29', '28', '27', '26', '25', '24', '23', '22', '21', '20', '19', '18', '17', '16', '15', '14', '13', '12', '11', '10', '9', '8', '7', '6', '5', '4', '3', '2', '1'. The map also shows roads like 'Route n°408' and 'Route n°409'. The legend includes a scale bar from 0 to 100 meters and a north arrow.

- The map displays the commune of Warcq along the Orne river valley. It identifies three types of flood risk zones: blue grid areas for natural expansion zones, red cross-hatched areas for high-risk urbanized zones (notably near Pâtis Saint-Pierre), and green diagonal-striped areas for moderate-to-low risk urbanized zones (including Pâtis du Moulin and Le Village). A red line indicates the reference flood crest profile with elevations such as 198.67, 198.36, 198.11, 197.95, 197.77, and 197.71. The map also shows local roads like Route n°408 and various landmarks like 'Pâtis du Moulin' and 'Le Village'. Neighboring communes like Bergopsomme and Les Jeaus are partially visible.
